Children have the power to make a big difference in the world. Their boundless creativity and genuine empathy are driving forces for positive change. As parents, we want to build a brighter future for our children. Let us celebrate their efforts and support them as they work to improve the world around us.

How We Can Make a Difference!

Environmental Consciousness

Doing eco-friendly activities with your child builds a greener future and shapes their character. By recycling and planting trees together, you're raising an environmentally conscious global Sparkletots child.

Community Involvement

Participating in local volunteer work with your child helps you model positive values for them. It also fosters empathy and creates meaningful connections with your community.

Advocacy and Awareness

Empower your child to champion meaningful causes, from advocating for animal rights to promoting diversity and inclusion.

'Trail of Kindness' Game

'Trail of Kindness' Game

Each act of kindness is a small step towards MAKING A DIFFERENCE in the world around us! Help Tutu and her friends find their way home. Lead them to Tutu's house by responding to the scenarios on the back of the cards. Use the limited cards you have to create the best path and assist Tutu in gathering her friends along the way!

Use a Torch and Tell Your Story!

Take your storytelling to the next level with a torchlight. This approach offers a fresh and fun way to share stories with your child. It highlights different story aspects while encouraging listeners to consider various perspectives. This interactive method helps your child develop creativity, understanding, and empathy by learning to see things from different perspectives.

“善良之路”游戏

每一个善举都是迈向改变我们周围世界的一小步！帮助图图和她的朋友们找到回家的路。通过回答卡片背面的情景问题，带领他们走向图图的家。利用你手中有限的卡片，创建最佳路径，并在途中帮助图图召集她的朋友们！

用手电筒来讲故事！

借手电筒的光，让你的故事讲述更上一层楼。这种方法提供了一种新颖有趣的方式来与你的孩子分享故事。它突出了故事的不同方面，同时鼓励孩子考虑各种观点。这种互动方式有助于孩子发展创造力、理解力和同理心，让他们学会从不同的角度看待事物。

Permainan 'Jejak Kebaikan'

Setiap kebaikan adalah langkah kecil untuk MELAKUKAN PERBEZAAN dalam dunia di sekeliling kita! Bantu Tutu dan kawan-kawannya mencari jalan pulang ke rumah. Bimbing mereka ke rumah Tutu dengan menjawab pelbagai senario yang terdapat pada belakang kad permainan. Gunakan kad-kad yang ada untuk mencipta laluan terbaik dan bantu Tutu mengumpulkan rakan-rakannya sepanjang perjalanan!

Ayuh Bercerita menggunakan Lampu Suluh!

Pertingkatkan daya penceritaan anda dengan menggunakan lampu suluh. Cara yang baharu dan menyeronokkan ini menonjolkan aspek cerita yang berbeza. Pendekatan ini juga menggalak pendengar untuk mempertimbangkan pelbagai perspektif. Kaedah interaktif ini membantu anak anda membangunkan kreativiti, pemahaman, dan empati dengan mempelajari cara untuk melihat dari pelbagai perspektif.
